MISSION

As we work towards –and in that –world:

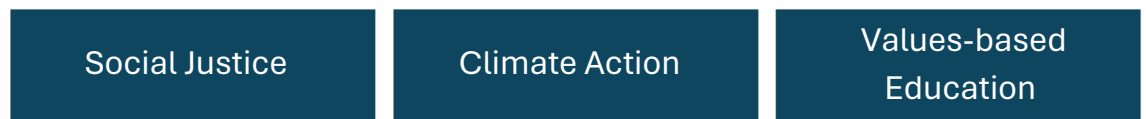

We serve as a **continuous platform for interfaith collaboration**, building inclusive community spaces that unite people of diverse faith and spiritual traditions to act on critical issues of our time.

To effectively serve as that platform, the Parliament will evolve beyond being primarily a convening body, and prioritize three collaborations levers:

PROGRAM AREAS

As we think about how interfaith collaboration can build spaces to act on critical issues of our time, we will prioritize working in three areas:

STRATEGIC PRIORITIES

Over the next 3-5 years, we aim to:

1. Increase Global Reach and Participation
2. Engage the Next Generation
3. Build Pathways to Grassroots Efforts

PROGRAMMING & CONVENINGS

Our aim is to host smaller regional convenings in 2026 to 2027, and to announce the next global convening in mid-2027.
